# INTECON Subcontract OASIS Success Stories

## **Joint Forces Head Quarters—National Capital Region (JFHQ-NCR)**

INTECON served as a team member to served the JFHQ-NCR in their plans, coordination, maintenance of situational awareness, and, as directed, employment of forces for homeland defense and Defense Support to Civil Authorities (DSCA) in the National Capital Region (NCR) Joint Operations Area (JOA) to safeguard the Nation's capital. INTECON was the previous Prime contractor on TA2S before the contract was moved to OASIS. As part of the Credence team we assisted in the performance of Training Support, Exercise Planning, Public Affairs Plans, Command Lessons Learned Analysis, and Command Security Support.

# INTECON Prime TA2S Success Stories

## **Joint Forces Head Quarters—National Capital Region (JFHQ-NCR)**

INTECON served as the Prime contractor that served the JFHQ-NCR in their plans, coordination, maintenance of situational awareness, and, as directed, employment of forces for homeland defense and Defense Support to Civil Authorities (DSCA) in the National Capital Region (NCR) Joint Operations Area (JOA) to safeguard the Nation's capital. INTECON led a team in the performance of Training Support, Exercise Planning, Public Affairs Plans, Command Lessons Learned Analysis, and Command Security Support.

## **Nuclear Planning and Execution System (NPES)/ Mobile Consolidated Command Center (MCCC)/Continuity of Operations (COOP)**

INTECON provides systems operations, implementation, training, maintenance, user support and administrative support at Headquarters USNORTHCOM (Peterson AFB), Cheyenne Mountain Air Force Base (CMAFB), and FE Warren AFB, Cheyenne, Wyoming.

## **SOCNORTH Advisory and Assistance Services**

Team INTECON provides advisory and assistance across four directorates at Special Operations Command North (SOCNORTH). The services consist of Security Management Support; Intelligence, Surveillance & Reconnaissance; Signature Reduction Analysis; Non-Conventional Assisted Recovery Analysis (NAR); Financial Improvement & Audit Readiness (FIAR) Support; strategic planning and Common Operating Picture (COP)/Battle Tracking Analyst. INTECON provides non-personal services to meet deliverable schedules and participate in planned analytical activities in support of each area, as defined in specific subtasks.

## **N-NC/J72 National Guard Training, Education, and Readiness Support**

INTECON's personnel provide support services for planning, execution, and evaluation of JTF Commanders Training Course (JCTC), JFHQ/JTF Staff Training Course (JSTC), the Dual Status Commander Orientation Course (DSCOC), Joint Operations Center Operations Course (JOCOPS), and the Joint Reception, Staging, Onward-Movement & Integration Course (JRSOI). Planning and training support encompasses course scheduling, facilitation of lectures, table-top exercises (TTX), seminars, and discussion groups, including Live and Virtual Distributive Learning, Joint Domestic Operations Course (JDOC) and Executive JDOC, Learning Management System (LMS) support prior to the JSTC, JCTC, DSCOC, JOCOPS, and JRSOI delivery. The training and education courses support the 50 states, Washington D.C., and three U.S. territories (Virgin Islands, Puerto Rico, and Guam).

# Continued INTECON Prime TA2S Success Stories

## **NC/J35 USNORTHCOM Chemical Biological Radiological and Nuclear (CBRN)/Weapons of Mass Destruction (WMD) Consequence Management Support**

INTECON provides non-personal advisory and assistance services to assist USNORTHCOM (NC)/J35 in the development of Chemical, Biological, Radiological, Nuclear (CBRN)/Weapons of Mass Destruction (WMD) and CBRN/WMD Consequence Management (CM) plans, policies, procedures and operations. INTECON's team provides consequence management assistance and support for the N-NC Defense Support to Civil Authorities CBRN Consequence Management in Theater. Our personnel monitor the readiness of the CBRN Response Enterprise via the Defense Readiness Reporting System (DRRS) and Enterprise interaction and provide recommendations to the government for the purpose of visibility on the readiness status of the CBRN Response Enterprise components.

## **N-NC/J7 USNORTHCOM Command Readiness Support**

INTECON supports Information Management (IM), information sharing, portal management, and training management synchronization for Commands' and external partners systems of record, and facilitates analysis of all issues associated with and required for situational awareness of N-NC/J73 training program. INTECON provides exercise and training documentation support to the N-NC/J73 Qualification Training (QT) Division. INTECON supports N&NC by providing readiness support for the exercise programs, observation, data analysis, reporting, task management, KM, security, and lessons learned management.

## **NORAD-USNORTHCOM/J71 Vigilant Guard Exercise Support**

INTECON performs the following services in support of the VG Joint Regional Exercise Program: planning, development, coordination, facilitation, execution, and support for post-event assessment of VG exercises and program events; use and management of a wide range of systems and processes that include the Joint Training Information Management System (JTIMS), Defense Readiness Reporting System (DRRS), Joint Lessons Learned Information System (JLLIS), Lessons Learned Information System (LLIS), the Joint Master Scenario Events List (JMSEL) and Emergency Management System enterprise (EMSe) databases; and support for inputs into the development of the Joint Training Plan and the Commander's Strategic Planning Guidance and other training plans.

## **NORAD/J3 Maritime Warning Advisory & Assistance (A&AS)**

INTECON's team reviews, plans, develops, coordinates, collaborates, resolves problems and analyzes plans, policies, and procedures related to the implementation of NORAD Maritime Warning (NMW) operations. INTECON provides analysis and technical support for the development, validation, and implementation of current and evolving NORAD level defense and warning documents, including policy, Concepts of Plans (CONPLANS), Concept of Operations (CONOPS), Operations Orders (OPORDS), Mission Needs Statements (MSNS), Operational Requirements Documents (OROS), and Consolidated Requirements Documents (CRD).

## **N-NC/J7 Modeling and Simulation Engineering Support and Accreditation (ES&A)**

INTECON's team provides an Event Information Sharing Service (EISS) Integrated Training Interface for the Global Training Environment (GTE) and delivers Assessment and Authorization (A&A) and Plans of Actions & Milestones (POA&M) documentation. We provide non-personal services in support of the expansion of GTE. Expansion includes the addition of a training interface between the existing EISS program and GTE.

## **N-NC/J8 Strategic Assessment Support**

Team INTECON provides external expertise to support the assessment and evaluation of N-NC Plans. This includes participation in Tier 1 exercises and/or real-world crisis operations to assess the Commands' achievement of DoD assigned strategic objectives and sub-objectives outlined in N-NC Plans. These services require analytical assessments and evaluations within the mission areas of Homeland Defense (HD), Defense Support of Civil Authorities (DSCA), Theater Security Cooperation (TSC), and Counter Terrorism (CT). This includes the de-evolution of Strategic Goals into a basic framework which identifies desired effects and assessable metrics that can then be applied to determine if NORAD and USNORTHCOM are meeting their strategic goals.
